## Product Information: Geartech SS 75W-90

## Description

Geartech SS 75W-90 is a high performance semi-synthetic automotive gear lubricant, designed for use in gearboxes, drive axles and other transmission systems. The product is formulated using high premium synthetic and highly refined mineral base stocks, with the incorporation of and advanced additive system.
Geartech SS 75W-90 exhibits excellent extreme pressure and anti-wear performance and is both oxidative and thermally stable. The product also delivers protection from rust and corrosion, outstanding cold temperature performance, is shear stable and offers excellent control over foaming.

## Applications

Geartech SS 75W-90 is recommended for use in manual gearboxes, transfer boxes, transaxles, heavily loaded axle drives and other transmission equipment, where the original equipment manufacturer recommends a lubricant of this quality, performance level and viscosity.

## Performance Features

Excellent anti-wear characteristics
Resistant to oxidation
Thermally stable
Excellent foam control
Protection from rust and corrosion
Outstanding cold temperature performance
Grade rationalisation potential
Typical Data

|  |  |  |
| :--- | :---: | :---: |
| Characteristic | Unit | Result |
| Density @ $15.6^{\circ} \mathrm{C}$ | $\mathrm{kg} / \mathrm{l}$ | 0.875 |
| Kinematic Viscosity @ $40^{\circ} \mathrm{C}$ | cSt | 94.0 |
| Kinematic Viscosity @ $100^{\circ} \mathrm{C}$ | cSt | 14.7 |
| Viscosity Index |  | 163 |
| Flashpoint (Closed) | ${ }^{\circ} \mathrm{C}$ | 170 |

Pour Point
