

Product Information: Momentum FSX 0W-30

Description

Momentum FSX 0W-30 is a high quality fully synthetic passenger car motor oil, manufactured from high quality virgin base stocks and an advanced additive system which promotes a low friction formulation. The product offers excellent handling of sludge and control of piston deposits, as well as exhibiting high levels of wear protection, oxidation stability, thermal stability and protection against rust and corrosion. The product offers outstanding cold flow characteristics at start-up, enabling rapid oil circulation and engine warm-up.

Applications

Momentum FSX 0W-30 is suitable for use in both petrol and diesel fuelled vehicles where the original equipment manufacturer recommends an engine lubricant of this quality, performance level and viscosity.

Performance Features

- Stay in grade performance
- Excellent wear protection
- Protects against rust and corrosion
- Oxidative and thermally stable
- Low friction formulation
- Excellent shear stability
- Control of sludge and piston deposits
