

Product Information: Limitless Ultra 10W-50

Description

Limitless Ultra 10W-50 is a high-performance 4 stroke motorcycle lubricant manufactured from high-quality synthetic base fluids and a tailored additive system featuring the latest technology. The product offers maximum performance in 4 stroke engine/transmission configurations exhibiting the optimum frictional characteristics for effective wet clutch performance.

Applications

Limitless Ultra 10W-50 is recommended for use in all makes of high-performance motorcycles, scooters and ATV engines and transmissions, where the original equipment manufacturer recommends a lubricant of this performance level, quality and viscosity.

Performance Features

- Tailored frictional properties for wet clutch performance
- Superior engine cleanliness
- Excellent anti-wear performance
- Outstanding resistance to oxidation
- Thermally stable
- Protection against rust and corrosion
- Excellent cold flow characteristics
- Exceptional shear stability
- Resistant to oil cavitation
